

By Adam Dempsey, Research Associate, UK Defence Forum

Back in February I decided to relaunch one of Viewpoints lesser known sister publications. [National Defence Industry Extra](#)

(NatDefIndEx) aims to provide news and analysis of developments from the global defence sector.

Since then, the blog has gone from strength to strength. Articles have covered the re-emergence of Poland's defence sector, Israeli defence-industrial strategies and Dassault's continuing efforts to find an overseas buyer for the Rafale. NatDefIndEx has even published articles from as far away as India and Kuwait.

I am currently on the look-out for more articles. As with Viewpoints, articles need to be between 300 and 1,500 words in length on defence-industrial issue of your choice. As I have recently steered NatDefIndEx more towards overseas markets I would particularly welcome articles covering the British defence sector.

Articles can be submitted to adam.dempsey@ukdf.org.uk . And follow me on Twitter at [NatDefIndEx](#)
