

We mark the passing of those who have served this country. (This list first published on 11th November, Remembrance Day. Pictured is a Bluet de France - which commemorates the 1.5 million French killed in combat in two World Wars. Not as widely worn as the poppy. The UK is not the only one with lost generations, and while we spend the NATO target and participate in international operations, we never forget there's a butcher's bill to be paid too.

In War: Resolution,

In Defeat: Defiance, In Victory: Magnanimity In Peace: Good Will - Winston S Churchill)
