Contracts with a total value of more than £100m were awarded by the Ministry of Defence in June. Of fourteen contracts of over £1m, including a £6.5m joint order for musical instruments, thirteen went to British-based companies.

The largest single award is a four-year contract for technical supplies worth £27.9m to provide technical and establishment support to the Defence College of Electro-Mechanical Engineering (DCEME) Arborfield & Bordon, which went to Babcock Land Ltd, Christchurch, Dorset, and was placed by GB Andover. The total final value of the contract is £27,960,880.

The Defence College was established in 2004 to bring together a number of separate Service training organisations, all of which were delivering forms of electro-mechanical engineering. DCEME consists of a headquarters based at HMS Sultan, Gosport; the Royal Naval School of Marine Engineering (RNSME), also at HMS Sultan; the School of Electrical and Mechanical Engineering (SEME) based at Bordon; the School of Electronic and Aeronautical Engineering (SEAE) at Arborfield; the Royal Electrical and Mechanical Engineers' (REME) Arms School, also at Arborfield; and the Number 4 School of Technical Training based at MOD St Athan. The principal task of DCEME is to deliver the required number of competently trained and motivated technicians and engineers to meet the demands of the Armed Forces.

Another major contract, worth £21.5m, has gone to Thales UK Ltd, Wells, Somerset, for global navigation and positioning systems (GPS or equivalent). Thales are to demonstrate, manufacture and provide initial support for their Locating Beacon System for Dismounted Soldier Systems (DSS). The Thales group operates in 50 countries and has 68,000 employees worldwide. Two of Thales UK's business units have this year gained the Queen's Award for Enterprise. The company was recognised in the International Trade category for its optronics and missile electronics businesses. Both received prizes for more than doubling their overseas revenues over the last three years. Awarded by GB Bristol, the contract is worth £21,500,886.

GB Bristol has also awarded a £6m contract for global navigation and positioning systems (GPS or equivalent) locator beacon system for dismounted infantry use to Selex Communications Ltd, Basildon, Essex. The final contract value is £6,002,072.
